WELCOME TO THE DUBAI INTERNATIONAL ARABIAN RACES 2019

Dear Owner/Trainer,

Dubai International Arabian Races (DIAR), under the patronage of HH Sheikh Hamdan bin Rashid Al Maktoum, aims to enable more people to enjoy the sport of Arabian horse racing and to help more countries to develop the sport internationally, through its sponsorship and support. To help achieve this, DIAR organises a series of races around Europe each year.

The series visits several countries in Europe and sponsors preparation races to encourage Arabian racehorses to get ready for the flagship event in the UK at the end of July. This event is one of the best and most prestigious full days of Arabian racing anywhere in the world. It features five International races, including three Group 1 PA and one Group 3 PA races.

The bonus scheme is now well established in the DIAR programme: horses that finish first, second or third in any of the 'Preparation Races' will be eligible to compete for a bonus at DIAR Newbury on Sunday 28th July 2019. Last year, two horses won a bonus at Newbury and we hope that more horses will take up the challenge this year. Furthermore, we are happy to offer travel allowances for international runners competing on that day.

DIAR WELCOMES YOU AND LOOKS FORWARD TO YOUR SUPPORT
AND PARTICIPATION IN 2019!

COURSE LAYOUT AT NEWBURY RACECOURSE

The track at Newbury consists of a left handed oval of almost 1mile and 7 furlongs (3000m), with an additional straight mile course (1600m). Its long wide straights with mild undulations and gentle bends are considered to provide a fair test for racehorses.

MEDICATION, DOPING CONTROL AND VACCINATION REQUIREMENTS

Bio-Security Protocol will be in place, trainers and staff must follow instructions provided by the Racecourse.

VACCINATIONS

Please note the vaccination laws of the UK as below. Failure to comply will result in the horse's entry being declared void.

24A. No horse shall be admitted to any racecourse when a meeting held under these regulations takes place unless accompanied by its Passport giving a complete and up to date vaccination record signed by a Veterinary Surgeon, who is unrelated to and independent of the Owner of the horse, the Trainer of the horse and any Person who is employed by the Trainer. Such a document must show in both cases that it has received two primary vaccinations against Equine Influenza, which has been given no less than 21 days apart and no more than 92 days apart.

In addition, where sufficient time has elapsed subsequent to the primary vaccinations the vaccination section of the Passport must be completed to show that: (i) A horse has received a first booster vaccination given no less than 150 days and no more than 215 days after the second component of the primary vaccination, and (ii) A horse has received booster vaccinations at intervals of not more than a year apart or such lesser time as the BHA may, in an emergency, decide, and that none of these vaccinations has been given within the seven days previous to the race in which the horse is declared to run.

EQUINE INFLUENZA PROTOCOLS FOR INTERNATIONAL TRAINERS

When racing resumed after the equine flu outbreak in February, the BHA put in place a temporary rule, requiring all racehorses to have been vaccinated within the previous eight months. We also required health declarations for all horses on arrival at the racecourse.

Please click on the following link to download the complete information about the required tests and vaccinations: <http://www.aroracing.co.uk/wp-content/uploads/2019/05/BHA-Equine-Influenza-Controls-Changes-summary-information-to-racecourses-Mon-29-Apr-2019.pdf>

In addition, all horses from unlicensed yards, i.e. non-BHA licensed yards (also applies to **international runners**), will still need to provide a health declaration form alongside a negative result for equine influenza from a nasopharyngeal swab (PCR) taken within 72 hours prior to the horse's entry into the racecourse. The results from these forms must be emailed in advance to willie@aroracing.co.uk.

BHA Health Declaration Form – Equine Influenza:

<http://www.aroracing.co.uk/wp-content/uploads/2019/05/Equine-Influenza-Declaration-Form.pdf>

EQUIPMENT

All equipment must be named at the time of declaration to run. Permissible equipment:

Blinkers - a garment fitted over a horse's head with holes for eyes and ears, one or both eyeholes being fitted with cowls to restrict vision to the rear but permitting full forward vision.

Hood - similar to blinkers, covering the ears, but without eye cowls.

Visor - similar to blinkers in which one or both cowls have holes cut in them, permitting limited vision to the rear.

Eyeshield - similar to blinkers except the eyeholes are covered with mesh or other transparent material.

Cheekpieces - two strips of sheepskin or similar material or device of equal size attached to the cheek pieces of the bridle.

Tongue Strap - device used to hold down a horse's tongue.

Lip chains must be covered and **nasal strips** are not permitted.

Any horse wearing non-declared equipment on the way to the start will be withdrawn at the start by the starter.

Horses must be **shod** all round, unless special dispensation has been granted by the BHA.
