The 29th Dubai International Arabian Raceday Premier Handicap Stakes
A fantastic sprinting performance here from the Lesley Hartley owned and bred gelding **El Adjban** (Makzan x Shunah (Shomran))**,** the 7/2 shot was a given a superb ride by Ted Durcan. He was settled at the back of the field before being brought into contention 2 furlongs out and then unleashing a devastating turn of foot inside the final furlong to get up by just under a length at the line.

Tarteel (Bengali D'Albret x Qosheeya) ran an eye catching race back in second, she led from the start and it looked as if she had set sail for home inside the straight but when the leader challenged she had to admit defeat, but went down fighting. She remains a classy prospect and will be dangerous in the mile handicap on Dubai Day.

Bigg N Rich (Falina Des Fabries x Viraac) holds a Derby entry and didn't disgrace his chances here, he was settled mid field and challenged the principals with a strong run inside the final furlong. He couldn't get past but finished a gallant third and looks as if he will appreciate the step up in trip in the Derby.
